

# Welcome to Bug Busting

Advice on head lice with **NHS** choices

Co-ordinating bug busting days across the country  
can help to prevent head lice circulating.<sup>1,2</sup>

Introduce the families with children at your school to the simple skill of **Bug Busting®**.

Families succeed using the uniquely comfortable and efficient bevel-edged  
mini **Bug Buster®** comb – packed with the correct instructions.

**They cost as little as 51p to 98p each (inc. VAT and P&P)**

depending on the quantity (multiples of 50 only).

*Using metal nit combs instead is not recommended.*<sup>1,2</sup>

When families check the Bug Busting way together, and then check again that any  
treatment choice has worked, it cuts the cost and stigma of head lice.

1 Bug Busting® reduces head lice, social stigma and cuts healthcare costs –as demonstrated by Ibarra *et al.* *Journal of Clinical Nursing* (2007) 16: 1955-1965. 2 Most families use their original Bug Buster® combs for the detection and cure of new infestations for at least a year – sustainability data presented by Hill *et al.* (2006) to the Third International Congress on Phthiraptera (Lice). 3 NHS Clinical Knowledge Summary (2014): head lice <http://cks.nice.org.uk/head-lice>  
4 Advice on head lice at: <http://www.nhs.uk/Conditions/Head-lice/Pages/Diagnosis.aspx> (accessed July 2015)  
5 Independent study conducted by Hill *et al.* (2005) *British Medical Journal* 331: 384-7.

### National Bug Busting Days:

Always ask parents to check the Bug Busting way on 31 January, 15 June and 31 October, to stop head lice from circulating, and to check the efficacy of any treatment choice.

**The Bug Buster® comb will find every last louse!**
